Dear Madam:—

Whether you desire for the herbaceous border, massed in clumps along the edge of shrubbery, or as cut flowers for vases, the Giant Darwin Tulip is without a peer. These gorgeous, easily grown flowers, with their rich, bright colors of blooms, borne on strong, gigantic stems, attaining a height of two to three feet, make a wonderful display.

To take care of our many friends who have had our collection in the past, and the numerous others who will want to enjoy these magnificent blooms next Spring, we arranged for the growing of special stocks. The vast quantity we contract for permits us, even in view of increased production costs and duty, to offer 50 MIXED GIANT DARWIN TULIPS for \$2.00, postpaid to any point east of the Mississippi. For points west, and Canada, add 25¢ to help defray cost of delivery.

This collection is taken from a mixture of fifteen named varieties in the different shades and colors, and all bulbs of the highest quality. Plant bulbs any time before the ground becomes frozen and they will bloom during May.

For those who wish to grow on a more extensive scale, for planting in the border or various shaped beds, we also offer

50 Mixed Darwins for \$2.00, (\$2.25 West of Mississippi and Canada)  
100 Mixed Darwins for \$4.00, (\$4.40 West of Mississippi and Canada)  
250 Mixed Darwins for \$8.75, (\$9.75 West of Mississippi and Canada)

Supply is limited and we advise your ordering at once, using the enclosed coupon.

Our 1925 Fall Catalogue, offering what is considered the most complete assortment of Fall Planting Bulbs in this country, has already been mailed to you, and we trust has proved of interest.

Yours very truly,

STUMPP & WALTER CO.
